Debbie:

Paula Smith is heavily involved with mine response and in Durango right now but she previously checked with someone here in the Region about taking over payment for my cell. I'll talk with her when she returns, hopefully next week, about what she was told.

Actually we may need the phone back, we are checking.

Thanks,

Subject: Your iphone

Laura,

Sorry to do this but we need to get you to have your iphone transferred to the region. If they do not want you to have a phone we will need you to send it back. If you need it during this incident just let me know and we will not turn it off until it is over.

I believe your computer was already from the region so I don't believe we have to do anything there, I will check with Arnetta.

Thanks, hope everything is going well.
